

# Environmental Policy

Haworth is committed to:

- **continuous improvement in the prevention of pollution and the reduction of the environmental impacts related to our facilities, operations, products, services and activities.**
- **environmentally sustainable product design and manufacturing.**
- **reducing materials consumption and waste generation, reuse of wastes in production, purchasing recycled components and the recycling of scrap materials where feasible.**
- **complying with regulatory and other requirements to which we subscribe.**
- **reviewing our performance compared to documented requirements, objectives and targets.**
- **communicating performance results to our members annually and to customers, interested parties and the community as requested.**
